

NIP SPECIFICATIONS

CONTENTS of the COUNTROLL® NIP CASE

- Quick start guide
- 3 NIP modules + 3 NIP strips
- 2 additional strips

COUNTROLL® MOBILE APP

- Shows live nip width measurement values
- Displays the required crown correction (bompage)
- Saves measurements for future reference

NIP SPECIFICATIONS

• NIP module (l x w x h)	75 mm x 40 mm x 25 mm
• NIP strip dimensions (l x w)	354 mm x 35 mm
• NIP sensing area (l x w)	110 mm x 14 mm
• Battery	Replaceable CR2032
• Battery life time	2 years at 8h/week
• Weight NIP module	24 g
• Working temperature range	-10 °C to 60 °C 14 °F to 140 °F
• Measurement accuracy	0,1 mm
• Measurement tolerance	+/- 10 %
• Max. allowed pressure	387 kg/cm ²
• Warranty	2 years on hardware (device)
• Communication protocol	BlueTooth
• Communication range	10 m
